WORK EXPERIENCE

Learning Solution Designer (Corporate Training) | WABI SABI EDUCATION Co., Ltd. (BetterPitch)

Dec 2025 – May 2026

- Designed and launched 5+ corporate learning programs in Data Storytelling, Decision-Making, Business Communication, AI for Productivity, and Future Skills
- Created end-to-end blended learning journeys integrating E-learning, Gamification, Interactive Assessments, and Project-Based Learning
- Partnered with corporate clients to identify capability gaps and translate business goals into customized learning roadmaps and training frameworks
- Managed LMS (Teachable) operations, supporting 1,285+ learners through course setup, enrollment, and delivery
- Coordinated course deployment with external platforms including SkillLane and Conicle
- Managed social media content across Facebook (91K+ followers), LINE OA (2.1K+ subscribers), and TikTok (200+ followers)
- Evaluated learning effectiveness through learner feedback, performance data, and training outcomes

Learning Designer (Technology) | Like Me X Co., Ltd. (FutureSkill)

May 2024 – Oct 2025

- Researched and designed 56+ market-driven online courses in AI, Data Analytics, Marketing, Automation, and DevOps
- Collaborated with Subject Matter Experts, instructors, and creative teams to develop engaging educational content
- Implemented diverse learning approaches: scenario-based, project-based, and AI-assisted methodologies
- Led Learner Expectation Optimization – redesigned B2C feedback system, improving data quality for course iteration
- Led Platform-Wide Assessment Standardization – applied Bloom's Taxonomy across all technology courses

- Established Skill Taxonomy Architecture mapping all courses to skill hierarchies, enabling personalized learning paths
- Authored career guide articles for company website (Data Scientist, Full Stack Developer, Decision Making)

Curriculum Development Officer | [Learn Corporation Public Company Limited \(Code Genius\)](#)

Oct 2022 – Apr 2024

- Designed age-appropriate robotics and coding courses for students aged 4 and above
- Created comprehensive curriculum for 10th-grade computer science courses implemented across multiple schools
- Coordinated teaching initiatives with sales teams, schools, teachers, and parents
- Built internal website and workflow system for course document delivery to franchise branches

Academic Officer (Coding) | [Learn Corporation Public Company Limited \(Learn Education\)](#)

Jan 2020 – Jul 2022

- Authored textbooks and created video lessons for grades 5–9 computer science courses
- Led Academic Web Center project to centralize teaching resources for educators across the organization
- Led Good & Digital Citizenship project in partnership with Thai Media Fund – managed planning, budget, production, and reporting
- Received MVP Award Q1/2022 and Innovation Excellence STI Award – Silver (H1/2022)
